

EY Careers & Skills Show 2020
Wednesday 25th March 1700 - 1930
Thursday 26th March 0900 – 1600
Beau Sejour

**Please note that exhibitors will be required to attend the show for both sessions.*

- **Evening Session Wednesday 25th March 1700 -1930**
During the evening, the event will have more of a recruitment feel about it. During this session post 16 students, parents/carers will be encouraged to attend along with career changers, returners to work and those wishing to upskill. Exhibitors with vacancies will be able to promote them during this time. We will be organising some talks for the evening session, which we hope will inspire and motivate visitors to attend the show, encouraging them to think about their career and how they can be preparing themselves to navigate the ever changing world of work.
- **Thursday 26th March 0900 until 1600**
The show will be aimed at the visiting students Year 9 through to Post-16. All stands are encouraged to provide a 'Have a Go activity' and this can be a work related challenge or a skills test. These activities have proven to be a good way of engaging with the students and 'breaking the ice'. Please contact careersshow@gov.gg if you would like some help or ideas for the 'Have a Go' on your stand.
- **STEM (Science, Technology, Engineering and Mathematics)**
Within this zone we will be looking to highlight the different careers available under the STEM banner. The aim of this zone is to give visitors to the event a truly interactive experience with a mixture of 'Have a go' activities and workshops.
