

GCSE results support 2021

During these changing and uncertain times our Careers Advisers are on hand over the summer to provide support with your next steps. You may already have plans, these could have changed or you may be waiting to sort out what you do next. You can use the links here to help you find out further information or you can contact a Careers Adviser at careersguernsey@gov.gg or T: 226565.

Results process 2021:

Following the decision announced earlier this year that no external exams would take place in 2021, grades will instead be decided by teachers and tutors based on a range of evidence of students' attainment, including mock exams, coursework and internal assessments.

The process has been designed so that the final decisions on grades are made as close to the end of the course as possible. This will mean that any work completed during the rest of May will support students to achieve the highest grades possible.

For students completing their studies in Year 11, teachers will be working together to ensure grades are awarded fairly across schools. Final authorisation of grades will be made by each school's Headteacher. In the event that a student feels that their final grade in any qualification is not a fair reflection of the standard at which they have performed, they will have the right to appeal the grade. There will also be an opportunity for students to sit exams in the Autumn should they wish to.

School will continue as normal for Year 11 students up to and including **Friday 28th May 2021**. After this date, students will not be expected to attend. Bridging work will be provided for those going on to either the Sixth Form Centre or the Guernsey College of Further Education, and for some subjects there may be opportunities to attend bridging courses in person.

Year 11 students will receive GCSE and equivalent results on **Thursday 12th August 2021**. Schools will confirm arrangements for results days before students leave school.
