

A Levels/IB/BTEC Results and Clearing Support 2021

During these changing and uncertain times our Careers Advisers are on hand over the summer to provide support with your next steps. You may already have plans; these could have changed, or you may be waiting to sort out what you do next. You can use the links here to help you find out further information or you can contact a Careers Adviser at careersguernsey@gov.gg or T: 226565.

Results process 2021:

Following the decision announced earlier this year that no external exams would take place in 2021, grades will instead be decided by teachers and tutors based on a range of evidence of students' attainment, including mock exams, coursework and internal assessments. The process has been designed so that the final decisions on grades are made as close to the end of the course as possible. This will mean that any work completed during the rest of May will support students to achieve the highest grades possible.

IB results will be published on **Tuesday 6th July** and A level and vocational qualifications on **Tuesday 10th August**. Detailed arrangements and information from each of the post 16 providers should have been provided to students and parents/carers (**Guernsey College of Further Education, Sixth Form Centre, Elizabeth College and Ladies College**). Should students or their parents/carers feel unsure about any of these arrangements, please do not hesitate to contact the institutions themselves directly.

Results not what you were expecting?

If you have applied to university and you do not meet the conditions of any offers you are holding, you can use the [UCAS Clearing service](#). Log in to [UCAS Track](#) to check your status and if you are eligible to enter Clearing. UCAS offered a new service from 2020 called [Clearing Plus](#) (which replaces the direct contact service). If you find yourself in clearing, UCAS can personally match you to courses you may be interested in, using what they know about you from your application and what universities and colleges are looking for in a student.

If you want to apply for something different you can still find courses available in [UCAS Clearing service](#) by using the search tool.

If your results are higher than you were expecting and you meet or exceed the conditions of your firm choice, you may be eligible to use the [UCAS Adjustment Service](#) to find an alternative course.

If you want to know more about life at university, UCAS offer a helpful service where you can speak to current students with [Unibuddy](#)

If you have doubts about University after you get your results and you would like to consider all your options as a post 16 student, then you may find it helpful to chat things through with a Careers Adviser. Contact us at careersguernsey@gov.gg or T: 226565.
